

# **School/College Website and Management System**

## **1. User Authentication and Profiles:**

- Admins: Full access to manage courses, users, announcements, etc.
- Teachers: Access to attendance tracking, assignment submissions, gradebook, etc.
- Students: Ability to view courses, submit assignments, check grades, etc.
- Parents: Access to view their child's progress, attendance, grades, etc.

## **2. Announcements and News:**

- Admins can post school announcements, upcoming events, and news.
- Display important dates, holidays, and special events prominently.

## **3. Courses and Classes:**

- List available courses with details (course descriptions, schedules, teacher info).
- Display class timetables, academic calendars, and syllabi.

## **4. Attendance Tracking:**

- Teachers can mark and manage student attendance for each class.
- Absentee notifications to parents or guardians if required.

## **5. Assignment Submission:**

- Students can view, download, and submit assignments online.
- Teachers can grade and provide feedback through the platform.

## **6. Communication Platform:**

- Messaging system or discussion forums for teachers, students, and parents.
- Alerts and notifications for important updates or events.

## **7. Gallery and Events:**

- Showcase school events, achievements, extracurricular activities through images and videos.
- Display galleries for past events, projects, and student work.

## **Additional Complex Features:**

### **8. Gradebook:**

- Teachers can input and manage students' grades for each assignment, test, or project.
- Students and parents can view grades and track academic progress.

### **9. Library Management:**

- Manage library resources, including borrowing, returns, and reservations.
- Display available books, their details, and availability status.

### **10. Exam and Test Management:**

- Schedule, conduct, and manage exams/tests.
- Display exam schedules, results, and feedback.

### **11. Payment and Fee Management:**

- Online fee payment for students, with fee tracking and receipts.
- Send reminders for due payments to parents or guardians.

### **12. Transportation Management:**

- Provide bus schedules, routes, and tracking for school transportation.
- Alerts for changes in schedules or delays.

### **13. Alumni Portal:**

Alumni profiles, events, and networking opportunities.

Display alumni achievements and success stories.
